TEN YEARS IN VIENNA

We are celebrating the ten year anniversary of MODUL University Vienna by publishing our first ever city guide featuring ten lists of our students' top ten favorite restaurants, bars, and more in and around Vienna! That's ten years of expanding horizons and community building – a community that loves to travel, explore, and taste the world – and as the leading private university in Austria with a lengthy tradition in the field of tourism and hospitality, it is no wonder that there are so many trendsetters, globetrotters, and citizens of the world among us.

The Student Service Center at MODUL University Vienna is always looking for creative ways to strengthen our vibrant community of students and friends and showcase their various interests and talents, but we can't take all of the credit for this great idea. You cast your votes in a series of virtual polls and we scoured your Instagram and Facebook feeds to find photos of you in action; now the time has come to put your recommendations, all-time favorites, and absolute must-sees in one place!

We are proud to share the MU Vienna Top Ten City Guide with you featuring the adventures, tastes, and photos of our diverse community! For some of our students, Vienna is home and for some of our students, Vienna is a home away from home, but no matter where our students come from or where they are going, Vienna is the place where we all come together as MODUL University Vienna.

Turn the page to expand your horizons with the students of MU!
